

FAQ'S

Tattoo cost?

Tattoos start at \$400, but please note that the final price may vary depending on the size, location, and level of detail involved. For larger and more intricate pieces, a \$250/hr rate is applied or a flat rate will be discussed during consultation.

Estimate?

To get an accurate estimate for your tattoo, I require scheduling a consultation. During your consultation, we can discuss your design ideas, assess the size and complexity, and provide a more precise pricing quote.

Deposit?

Regarding deposits, I require a \$100 deposit to secure your appointment. Cash or card is accepted for deposits. This deposit will be held until the end of your tattoo sessions and will be deducted from the final price. In the event that you need to reschedule your appointment, please make sure to do so before the 72 hours prior to avoid forfeiting your deposit. If a rescheduling is necessary within the 72hrs period, a new deposit of \$100 will be required to rebook your appointment and existing deposit will be forfeited.

Drawing Fee?

A Drawing Fee is not the same as a traditional tattoo deposit. This fee applies to larger-scale or custom projects that require significant design time before your tattoo appointment. Please note: this is a drawing-only fee and will not be applied toward the final tattoo cost or hourly rate.

Best way to contact me for a consultation?

For the best way to contact me, I kindly ask that you call Chapter One Tattoo +1 (619) 255-8400 to set up consultation, as well as cancel or reschedule appointments. Consultation requests also found on my contact page www.thattattoogirl.net

In-Person Consultation/Virtual?

While I understand that email communication may be convenient, I prefer to conduct consultations in person. If, however, you are unable to visit in person due to distance, I can arrange a phone call consultation.

Design Requests?

I understand that some clients may have special design requests. I will do my best to accommodate these requests as long as they do not interfere with the overall balance and concept of the tattoo design. Please feel free to discuss your ideas during the consultation.

Will I be able to see the design before our appointment?

Designs are not sent out ahead of time. Instead, we'll use our consultation to go over ideas, references, and make sure our ideas align. Due to high demand, I'm unable to communicate designs via email or text-but rest assured, I'll do my best to capture the concept we discussed.

Small tweaks can usually be made on the day of your appointment. However, major changes or requests for a fully new design may require an additional drawing fee or deposit.

Last minute design changes?

In the case of last-minute changes, we can make small adjustments during the in-person review of the design. However, please note that significant changes to the overall design concept may require rescheduling and forfeit of deposit. A new consultation will need to be scheduled at least one week prior to your existing appointment. This ensures that we have sufficient time to review and discuss the new idea thoroughly.

Payment?

Cash or card is accepted for deposits. Tattoo appointments are cash only, with the remaining balance due on the day of your appointment.
